

Mall Guard remote jamming detector

Technical Datasheet

Wiring Diagram:

Plugs directly into 220v AC

Application:

- Alert user of potential jamming of car alarm and central locking.

Specifications:

- 12v DC operation, 220v AC charger with backup battery.
- 433Mhz frequency detection.
- Beeper, flashing LED's and relay outputs.
- Adjustable timing before jamming trigger.
- Physical size: 250mm x 200mm x 120mm.

Installation

- Mount and plug unit into 220v AC outlet.
- Connect backup battery to charge.
- Press and hold any remote on 433mhz, unit begins to beep, LED's flash and goes into continuous alarm if jamming continues.
